Discover the job,
the challenge

For 140 years, we've been discovering safer, more effective and more sustainable ways to find, mine, and process the minerals and metals essential for everyday life.

Our vision is to be a company that is admired and respected for delivering superior value, as the industry's most trusted partner. Our operations give us the opportunity to create mutual benefit with the communities, regions and countries in which we work.

Using the latest in technology and innovation, Rio Tinto Exploration is focused on smarter ways to find the mines of tomorrow.

We are currently seeking high quality opportunities to add to our growing exploration portfolio.
